Price: £

*To mark the partnership signed between the County Museum and the Embroiderers Guild an exhibition of Treasures from the collection will be held throughout summer 2017 preparatory to establishing a permanent gallery at the Museum. An active body of volunteer helpers has been recruited to help with the exhibition and long term care of the textile collection that has been deposited at the museum since this summer*

*The EG collections are very rich covering many centuries of stitch and some of the recent acquisitions promoting new ways of working will be among the pieces selected.*
